This Disclosure Agreement provides the purchaser of any BAR Certified OBD Data Acquisition Device (DAD) with details of which they should be aware.

- The Station must purchase a BAR Certified DAD to participate in the OBD-focused testing.
- The DAD has been certified for use in the California Smog Check Program for a period of one year.
- At the end of the one year certification period, the DAD may be decertified.
- If the BAR Certified DAD Vendor does not comply with the BAR DAD Specification, the DAD will be decertified.
- If the DAD is decertified, the DAD can no longer be used to conduct Smog Check Inspections and different BAR Certified DAD must be purchased if the Station wishes to continue in the OBD-focused testing.
